Reincarnation Steven L Richheimer, 2019-08-15 Today a majority of the world's population believes in reincarnation. Along with the law of karma reincarnation is the process by which the soul journeys toward union with God. Belief in an afterlife is not just wishful thinking since the scientific evidence indicates that we possess a nonphysical aspect of our being

(soul) that survives death.

Life After Death Farnáz Ma'súmián,2002

A Traveler's Guide to the Afterlife Mark Mirabello,2016-09-15 A grand survey of the world's death and afterlife traditions throughout history • Examines beliefs from many different cultures on the soul, heaven, hell, and reincarnation; instructions for accessing the different worlds of the afterlife; how one may become a god; and how ethics and the afterlife may not be connected • Explores techniques to communicate with the dead, including séance instructions • Includes an extensive bibliography of more than 900 sources from around the world Drawing on death and afterlife traditions from cultures around the world, Mark Mirabello explores the many forms of existence beyond death and each tradition's instructions to access the afterlife. He examines beliefs on the soul, heaven, hell, and reincarnation and wisdom from Books of the Dead such as the Book of Going Forth by Day from Egypt, the Katha Upanishad from India, the Bardo Thodol from Tibet, the Golden Orphic Tablets from Greece, Lieh Tzu from China, and Heaven and its Wonders and Hell from Things Heard and Seen from 18th-century Europe. Considering the question "What is Death?" Mirabello provides answers from a wide range of ancient and modern thinkers, including scientist Nicholas Maxwell, the seer Emanuel Swedenborg, 1st-century Buddhist philosopher Nagarjuna, and Greek philosopher Euripides, who opined that we may already be dead and only dreaming we are alive. He explores the trek of the soul through life and death with firsthand accounts of the death journey and notes that what is perceived as death here may actually be life somewhere else. He reveals how, in many traditions, ethics and the afterlife are not connected and how an afterlife is possible even without a god or a soul. Sharing evidence that consciousness is not simply a product of the brain, he offers a strong rebuttal to nihilists, materialists, and the Lokayata philosophical school of India who believe in the "finality" of death. He explains how specters and ghosts are produced and offers techniques to communicate with the dead as well as instructions for an out-of-body experience and the complete procedure for a séance. With an extensive bibliography of more than 900 sources, this guide offers comprehensive information on afterlife beliefs from the vast majority of cultures around the world and throughout history--a veritable "traveler's guide" to the afterlife.

Afterlife Barry Eaton,2013-08-15 For the thousands of people who loved To Heaven and Back, Heaven is for Real, and Proof of Heaven, a warm and detailed account of life between lives—and our lives to come What happens when someone dies? What does it feel like? What exactly is the light at the end of the tunnel? Is reincarnation real? And if so, do spirits have any influence over their lives to come? Based on his own amazing experiences communicating with those who have passed over, Barry Eaton answers these questions about the spirit world, and many, many more. Taking the reader on a journey through the realm of the spirit, the author details the whole process of crossing into the next life, from the journey "home," to adapting to new living conditions in the afterlife, and even delving into what kinds of activities will be available there, and how we can be prepared for our own personal journey. This book will give hope, alleviate fear, and provide comfort for

anyone who has questions or concerns about life after death.

Twenty Cases Suggestive of Reincarnation Ian Stevenson,1980 Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death.

The Long Trajectory Dr. Eric M. Weiss,2012-09-06 The title says it all. Eric Weiss is going for the gold. I'm watching and believing. —Michael Murphy, Cofounder of Esalen Institute Author of *The Future of the Body* As I read Eric Weiss' *The Long Trajectory*, I am often lifted beyond understanding into ecstasy. Integrating the physical, transphysical, and spiritual dimensions, Weiss offers a metaphysical model that heals the past and opens the door to a new future for humanity. —Dr. Christopher M. Bache, Youngstown State University Author of *Dark Night, Early Dawn* What happens to us after we die? Do we cease to exist? Do we survive bodily death? Do we live again in a new body? Without answers to these questions, we cannot know who and what we really are. In *The Long Trajectory*, author and philosopher Eric Weiss explores these fundamental questions. Inspired by the philosophies of Alfred North Whitehead and Sri Aurobindo, Weiss develops a new metaphysical system he calls "transphysical process metaphysics." It rethinks space, time, matter/energy, consciousness, and personality in ways consistent with the findings of science, while providing a coherent explanation for the survival of the personality beyond death and how it can reincarnate in a new body.

The Organ Pipes of the Soul Robert Springer,2020-09-25 *The Organ Pipes of the Soul: A Theodicy of Love and Reincarnation in a Desperate Afterlife* is a story about good and evil, reincarnation, and meeting God - a story about second chances and second-death in a dangerous afterlife where the dead must reincarnate or perish - set in an afterlife that is under attack from a man who wants to end reincarnation using a machine that can create anything, and from a rogue caretaker who wants more than the shadowy immortality Arthur's afterlife can offer him. It's a theodicy about discovering destiny, about the moral dilemma of reincarnation, about faith and doubt and the victory of love.

The Division of Consciousness Peter Novak,1997-01-01 Drawing on mythology, psychology, religion and science, as well as past-life regression and near-death experiences, Peter Novak explores the nuances of what really happens to the soul after death. After ten years of intensive investigation, his conclusions are a ground-breaking blend of east and west, explaining how this division may have arisen and how it is likely to be resolved.

Rebirth of Erin O'brien James Polakof,James Polakof Ph D,2017-01-18 Rising from the ashes of a devastating 1906 San Francisco earthquake, Erin O'Brien struggles to overcome adversity and a violent rape. Initially working as a dime a dance

hooper in the notorious Barbary Coast, sheer determination combined with exquisite beauty enable her rise to nightclub stardom, achieving celebrity status. Good fortune and happiness further multiply when she discovers her soulmate from a previous life in a sensuous, fiery romance. However, Erin's remarkable love affair and career are suddenly stymied by a jealous suitor, who forces her to choose between life, or a tragic, unmerciful death. **AFTERLIFE** For Erin, Afterlife, is far more than the traditional vision of Heaven. She encounters an incredulous, unique existence among other souls, experiencing pure love, unexpected euphoria, unique relationships and amazing sensuality. It is here that her spiritual entity learns the true meaning of life and actual purpose for reincarnation. **REINCARNATION** Erin reincarnates in Milan, Italy, as Angelina Corelli, the daughter of an aspiring opera singer. Unaware of her past life, Angelina returns to San Francisco, confronting formidable obstacles and striving for altruistic goals in a corporate driven environment. But it is indeed a worthwhile journey as once again she rediscovers love in a scintillating, passionate romance with her eternal soulmate, Iain. Together they strive with a mutual purpose of helping others. Finally, there is hope this relationship will endure over time. But soon they become engulfed in a terrorist crisis and their survival, hopes and dreams are threatened by an incredible conflict that consumes an entire impoverished nation. Memories of the Afterlife Michael Newton, 2010-09-08 Dr. Michael Newton, best-selling author of *Journey of Souls* and *Destiny of Souls*, returns with a series of case studies that highlight the profound impact of spiritual regression on people's everyday lives. Edited by Dr. Newton, these fascinating true accounts from around the world are handpicked and presented by Life Between Lives hypnotherapists certified by the Newton Institute. After recalling memories of their afterlife, the people in these studies embarked on life-changing spiritual journeys—reuniting with soul mates and spirit guides, and discovering the ramifications of life and body choices, love relationships, and dreams by communing with their immortal souls. As gems of self-knowledge are revealed, dramatic epiphanies result, enabling these ordinary people to understand adversity in their lives, find emotional healing, realize their true purpose, and forever enrich their lives with new meaning.

Can Reincarnation and "Near Death Experiences" be Christian? Patricia Hofer, 2017-07-14 If you are a Christian who is satisfied by the conventional views of heaven and hell, don't read this book. However, if you feel there are more possibilities for the afterlife than streets of gold and fiery infernos, *Can Reincarnation and Near Death Experiences be Christian?* just might include the answers you've been seeking. What if: • the Bible contains the possibility of an intermediate and temporary place, a tarrying place for continuing life? • the Bible shows that some human spirits have returned from that intermediate place throughout human history? • the living soul of Genesis, the one inspired by God's immortal breath of life, is the spirit of consciousness that survives the body -- as some recent neuroscience research indicates? • the Bible and Christian believing already contain the possibility for a reprieve, for a purifying process -- a place where we meet and

recognize other individuals? • the forgiveness of seventy times seven required by God is offered by God? Wouldn't that open the door to more opportunities, many stages of progress? After seven books chronicling her Christian walk with the living Savior, Patricia Hofer thought she was done writing. But the Lord apparently had a different plan. These what ifs are the focus of Hofer's eighth book and of her original and compelling research.
