Angel Spirit Guides - Adesh Silva,2021-01-18 Angels are greater than myth, and meditation is more than a story: together, they are your answer to healing from within. In a fast-paced world with a 24-hour news cycle, life can quickly seem like it's getting out of control, and despite our best efforts, it's difficult not to spiral into negativity. Indeed, anxiety disorders

affect over 18% of the population every year -- but it doesn't have to be this way. By training our personal strength and balance, we can change our course and gain control of our bodies, our minds, and our emotions. We have an extraordinary power within us all: with the right guidance, we can channel the positive energies of the universe to help us fight whatever obstacles are thrown our way. The problem is, not many people are aware of this, and fewer still know how to harness this power. Both meditation and angels are often dismissed as fanciful stories, but there's far more to both of them than popular culture would have you believe. The concept of archangels may sound religious, and it's true that the archangels are associated with the Abrahamic religions... but they're not exclusive to any one group. The archangels are simply supernatural beings, each with their own power and responsibility. They care not for which religious group you belong to: they are superior beings of light that help humans channel the energy of the universe, and no matter what religion you may practice, they're here to help you. By understanding the powers of the archangels and learning how to channel their light, you can gain clarity and control over your own life. In *Angel Spirit Guides - Part I*, you'll learn what three of the archangels have to offer and how to channel their energies. You'll discover: A clear guide to understanding the first 3 of the 7 archangels An understanding of why the power of the archangels transcends organized religion Key scientific research illustrating the power and effectiveness of meditation An easy-to-navigate guide to understanding the energy all around you Straightforward techniques to help you channel the power of the archangels How to use meditation to flood your inner self with light and clarity Why the Archangel Gabriel deserves more than a passing mention in the school nativity Fully guided meditations to help you access the power that's already inside you And much more. You'd be forgiven for thinking that meditation has no scientific basis -- after all, it's often made light of and dismissed for its airy-fairy connotations. But it's far more powerful than you might realize -- and there's scientific evidence to prove it. The answer to self-healing comes from within you: all meditation does is light your path to get you there. And that's why guided meditation is your answer. Whatever your preconceptions about archangels may be, know that they are extraordinarily powerful, and through understanding their powers, you can connect with your own inner light and the positive energies of the universe.
