

# Abuse

**Raymond Starr, David A. Wolfe**

**The Effects of Child Abuse and Neglect** Raymond Starr, David A. Wolfe, 1991-08-09 Research in child abuse has expanded dramatically since the first controlled studies were started in the mid-1970s. The fields of developmental psychology and clinical child psychology have progressed in tandem, resulting in theoretical richness and increased methodological sophistication. With these advances, it is now commonly recognized that child abuse and neglect can be fully understood only through the use of longitudinal research methods --difficult, expensive, and time-consuming though their application may be. *THE EFFECTS OF CHILD ABUSE AND NEGLECT* reviews the findings from current longitudinal research and also serves as an authoritative guide to the complex methodologic issues involved in conducting such studies. The book's introductory chapter examines the intergenerational transmission of abusive behavior and its adult sequelae. In-depth analyses of three innovative longitudinal investigations follow: the first focuses on the value of an at-risk approach to research in this area; the second evaluates structural equations modeling, a relatively new statistical method; and the third demonstrates the usefulness of a transactional approach to the longitudinal study of different forms of maltreatment. Other contributions focus specifically on the interpretation of existing research and on conducting future studies. Provocative discussions on crucial definitional issues are complemented by equally trenchant analyses of as-yet unresolved design considerations. The remaining chapters deal with basic measurement issues, especially the assessment of parental personality and psychopathology, psychological abuse, parental childrearing belief systems, parent-child attachment and other domains of parent-child interaction, and the impact of maltreatment on physical and emotional development. An effective synthesis of practical and research issues, *THE EFFECTS OF CHILD ABUSE AND NEGLECT* is essential reading for all child development, psychiatry, child psychiatry, family sociology, social work, pediatric, nursing, and other human services professionals responsible for recognizing, treating, and preventing child abuse as well as for ameliorating its long-term consequences.

*The International Handbook of Animal Abuse and Cruelty* Frank R. Ascione, 2008 Animal abuse as a predictor of abuse against humans has been documented extensively. Society's ever-rising violence has prompted experts to ask what alternatives are available to identify the early signs and stop the cycle. *The International Handbook of Animal Abuse and Cruelty: Theory, Research, and Application* is the authoritative, up-to-date compendium covering the historical, legal,

research, and applied issues related to animal abuse and cruelty from scholars worldwide.\n

**No Place for Abuse** Catherine Clark Kroeger, Nancy Nason-Clark, 2001-01-01 Representing the International Task Force on Abuse, Catherine Clark Kroeger and Nancy Nason-Clark help us hear the cries of abused women and find concrete ways for the church to respond so that no home will be a place of abuse.

Combatting Child Abuse Neil Gilbert, 1997-04-03 The problem of child abuse has become increasingly evident in North America and Western Europe. Many countries are now struggling with issues involving the definition of child maltreatment, reporting requirements, processes for responding to reports, substantiation rates, and services to abused children and their families. This book illustrates alternative approaches to dealing with these problems by examining and comparing the designs of child abuse systems in nine countries: the US, England, Canada, Netherlands, Denmark, Finland, Germany, Belgium, and Sweden.

*Gendered Domestic Violence and Abuse in Popular Culture* Shulamit Ramon, Michele Lloyd, Bridget Penhale, 2020-11-30 As binge-watching and streaming lead to increasing amounts of content and screen time, understanding how domestic violence and abuse is portrayed in popular culture and its impact on DVA in our society is more important than ever. This collection demonstrates how networked communication is influencing activism, both online and in the real-world.

**Child Sexual Abuse** David P. H. Jones, Paul Ramchandani, 1999 Child sexual abuse is widespread and often an element of many other social difficulties. This book outlines a number of different ways professionals can help, particularly focusing on the role of social workers and mental health professionals. It describes how professional intervention can improve the outcome for sexually abused children and their families. It is based on extensive evidence-based research and includes summaries of the implications for practice. Funded by a grant from the Department of Health and reviewed by an expert advisory group, this book covers the child protection process and psychological treatments in a clear and accessible format.

Family Abuse Sylvia I. Mignon, Calvin J. Larson, William Michael Holmes, 2002 Both conceptual and practical, this book examines the relationship between family abuse and deviant behavior using an approach that integrates theory, research findings, and programmatic efforts. *Family Abuse: Consequences, Theories, and Responses* is unique in that it places family abuse within a theoretical context covering sociological, psychological, and biological theories. Topic coverage is comprehensive and includes an assessment of the quality of current treatment and prevention efforts, and also proposes various solutions to family abuse. For social workers, sociologists, and students of these disciplines.

**Child Abuse** David A. Wolfe, 1999-06-23 This Second Edition of *Child Abuse* is devoted to a topic of major social and clinical significance. In this book, the author describes the different types of abuse and discusses the influence they have on development and social consequences in childhood and adolescence. The book uses theory and research to convey the importance of multiple contextual influences that affect abuse and can be used to ameliorate it.

Ending Child Abuse Victor I. Vieth, Bette L. Bottoms, Alison Perona, 2014-03-18 Get the tools to coordinate a plan in your community! The highly anticipated *Ending Child Abuse: New Efforts in Prevention, Investigation, and Training* presents an exciting vision: to end or significantly reduce child abuse. Respected social scientists and legal scholars discuss empirically sound short- and long- term multidisciplinary strategies that can be implemented in our society. Innovative and well-established concepts and approaches are clearly presented, such as specialized education, rational preventative methods, effective investigation and prosecution strategies, and the analysis of factors that influence law enforcement investigations and child abuse prevention efforts. Several obstacles stand in the way of the elimination of child abuse, such as the failure to investigate most child abuse reports, inadequate training of frontline child protection professionals, lack of financial resources, and the dilemma that child abuse is not addressed at the youngest ages. *Ending Child Abuse: New Efforts in Prevention, Investigation, and Training* tackles these problems and others with practical guidelines and aggressive creative strategies that can be applied to every community in the United States. This collection is impeccably referenced and soundly supported with research. *Ending Child Abuse: New Efforts in Prevention, Investigation, and Training* discusses: implementation of a model curriculum in child advocacy for undergraduate and graduate institutions forensic interview training extensive education of the nation's child protection professionals development and funding of prevention programs at the community level educational reforms of Montclair State University in New Jersey designed to better prepare professionals who advocate for children research-based interview techniques with best practice guidelines possible broader social and system-level reforms vertical prosecution of child abuse cases—with a model for its operation *Ending Child Abuse: New Efforts in Prevention, Investigation, and Training* is an ambitious eye-opening source perfect for social services professionals, mental health professionals, practitioners, researchers, educators, students, and medical and legal professionals who deal with child abuse and children's welfare.

*Outgrowing the Pain* Eliana Gil, 2009-07-22 "Anyone who had a troubled childhood ought to read this book."—Anne H. Cohn, D.P.H., Executive Director, National Committee for Prevention of Child Abuse Do you have trouble finding friends, lovers, acquaintances? Once you find them, do they dump on you, take advantage of you, or leave? Are you in a relationship you know isn't good for you? Are you still trying to figure out what you want to do when you grow up? Are you drinking too much, eating too much or trying to numb your pain with drugs of any kind? These are just a few of the problems abused children experience when they become adults. You may not realize you were abused. You may think your parents didn't mean it, didn't know better, or that others had it much worse. You may not even have made the connection between the past and your current problems. *Outgrowing the Pain* is an important book for any adult who was abused or neglected in childhood. It's an important book for professionals who help others. It's a book of questions that can pinpoint and illuminate destructive patterns. The answers you discover can lead to a life filled with new insight, hope, and love. "The best book available to help

survivors cope and understand.”—Dan Sexton, Director, Childhelp's National Abuse Hotline “An invaluable aid for adult survivors of child abuse.”—Suzanne M. Sgroi, M.D., Executive Director, New England Clinical Associates

Child Abuse and Neglect Worldwide [3 volumes] Jon R. Conte Ph.D.,2014-03-26 In this comprehensive three-volume set, experts from around the globe provide an understanding of child abuse knowledge and healing, detailing current therapeutic practices and policy issues. This riveting three-volume set examines classic, current, and emerging research on child neglect and abuse in countries all over the world, covering regions that include Africa, Asia, the Arab world, Latin America, Europe, and our own backyards and bedrooms in North America. The entries put maltreatment of children in the global spotlight and explain the prevalence, incidence, and risk factors for children in each setting, addressing the laws, social and cultural perceptions, and differences regarding child abuse and neglect worldwide. The chapters provide a glimpse into the historical and cultural context of abuse in regions of the world and identify the most ineffective as well as the most protective or promising responses to child maltreatment worldwide. Professionals from entry level to expert will find materials that will expand their understanding and practice with, and on behalf of, abused children and the adults in their lives.

*Addressing Violence, Abuse and Oppression* Barbara Fawcett,Fran Waugh,2013-07-04 Everyone working in health and social care is at one point or another confronted by violent behaviour and its consequences. *Addressing Violence, Abuse and Oppression* provides a broad overview of violence in relation to a range of groups and areas that involve human service professionals. Adopting an international perspective, this book looks at the ways in which violence, abuse and oppression can be clearly associated with power imbalances which are often gendered and which are covertly or overtly manifested at a range of levels including the interpersonal as well as the organizational and the political. It explores debates and challenges with regard to theoretical orientations, policy frameworks and how power imbalances intersect with a range of influencing factors including gender, poverty, indigenous/ethnic issues, class and sexuality. Examining the implications for human service professionals, each chapter of *Addressing Violence, Abuse and Oppression* provides an historical overview, explores theoretical perspectives, examines specific policy and practice context, appraises the contribution from research and assesses the impact for individuals and groups.

Elder Abuse Jordan I Kosberg,Juanita L Garcia,2013-12-02 Here is an informative overview of the causes and consequences of elder abuse in countries around the world. This book delves into the global problem of elder abuse and identifies similarities and differences that occur from country to country. *Elder Abuse: International and Cross-Cultural Perspectives* increases understanding of the problem of elder abuse, helping you recognize more easily the causes of elder abuse in your own country and find tactics to counter these causes. Strategies from around the world can help in the development of local community resources and social policies to minimize the occurrence of elder abuse and its impact on the elderly, their families, and all members of society. *Elder Abuse: International and Cross-Cultural Perspectives* discusses

elder abuse in countries ranging from Australia to Finland, from South Africa to Hong Kong, from Ireland to Israel. It addresses the consequences of aging, dynamics of elder abuse, family care of the elderly, formal and informal mechanisms for preventing elder abuse, and methods by which to publicize possibilities of abuse. In each chapter, authors explore: the definition of elder abuse in their country the extent of the problem causes of the problem (as related to values and practices) societal attitudes regarding the existence of the problem private and public efforts to detect and prevent the problem and to intervene where it has occurred Elder Abuse: International and Cross-Cultural Perspectives provides the impetus for community resources, social planning, and public resources. It is of interest to individuals who work in social work, nursing, and psychology settings and to those in social science fields of sociology, anthropology, and gerontology. The book can also serve as an enlightening reader for undergraduate and graduate/professional education.

Elder Abuse United States. Congress. House. Select Committee on Aging,1981

**Abuse and Neglect of the Elderly in India** Mala Kapur Shankardass,S. Irudaya Rajan,2018-03-14 This book highlights different aspects of the problem of elder abuse and neglect in India, and discusses its forms as well as means of prevention, intervention and management. It presents a framework for understanding the occurrence of elder abuse and neglect in India, placing the discussion within the global context. Elder abuse and neglect is a growing concern in South Asia, and this is the first comprehensive account of the topic from India. It uses data from different parts of India to describe the various dimensions of elder abuse and neglect among different population categories and sections in society. Covering rural and urban areas in different states, it discusses current perspectives on elder abuse and neglect at the household level, widows, HIV-affected populations, and those residing in institutions. This book comprises views from experts in the field and is of interest to researchers and academics from the social and behavioural sciences, policy makers, and NGOs.

Understanding Elder Abuse in Minority Populations Toshio Tatara,1999 First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

*Institutional Abuse* Jill Manthorpe,Bridget Penhale,Nicky Stanley,2002-09-11 Institutional Abuse brings together a number of different research studies and accounts of institutional abuse from leading academics and researchers. Public enquiries and court cases concerning institutional abuse in a range of settings have generated considerable media interest and have highlighted the need for preventative strategies and appropriate responses. Four areas of abuse are covered: \*the abuse of children \*the abuse of adults with mental health problems \*the abuse of adults with learning difficulties \*the abuse of older people. Each section includes a chapter which reports on users' experiences of abuse and their views as to how institutional abuse can be prevented and survivors' needs met.

Treatment of Child Abuse Robert M. Reece,2005-04-05 Highly recommended for expert and beginner alike. It is well written, well organized, easy to read, and packed with useful information. -- Child Abuse & Neglect This book represents a

milestone in expanding the resource base for professionals working in the child abuse field. -- Journal of Child and Family Studies

Child Abuse and Neglect Michael L. Lauderdale, Rosalie N. Anderson, Stephen E. Cramer, 1978

**Redressing Institutional Abuse of Children** K. Daly, 2014-10-27 Winner of the Christine M. Alder Book Prize in 2015 from the Australian and New Zealand Society of Criminology Historical abuse of children is a worldwide phenomenon. This book assesses the enablers of abuse and the reasons it took so long for officials to respond. It analyzes redress for institutional abuse in two countries, Canada and Australia, using first-hand accounts of survivors' experiences.
