My First Piano Adventure: Lesson Book A with CD ,2007-01-01 (Faber Piano Adventures ). Written for ages 5 and 6, My First Piano Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber s My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural friends at the piano who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory ACE - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here

**Family Adventures** Austin Sailsbury,gestalten,2020-09-22 These are real-life tales of moms and dads braving the unavoidable struggles of travel--flight delays, lost luggage, middle-of-nowhere engine breakdowns, and middle-of-everyone emotional meltdowns--to share new experiences with their kids. As all of these parents will tell you, traveling with kids is never easy. But the benefits can be invaluable.What could be more important than introducing our children to cultures where families, not so unlike our own, look and live and speak and eat differently than we do. What could be more useful than giving them the tools to deal with the challenges encountered on the road.Taking risks, overcoming challenges, discovering beauty,

and opening our minds and hearts. These are the things we hope for each time we pack our bags, load the car, or board a plane. This is why we leave home and head into the unknown. No matter how old we are, each of us wants to be filled with awe and to feel fully alive. And we want to share these experiences with the people we love the most, so that these moments of wonder might live on for years to come.- Travel tips for the age groups 0-3, 4-6, 7-10, 10-13 as well as thirteen and up are laid out in detailed chapters. Also for older children from the ages of eleven to thirteen for example, travel provides an opportunity to deepen a connection, or to reconnect, with a child that might be spending more and more time away from you.- Reif Larsen, author of the novels *The Selected Works of T. S. Spivet* and *I Am Radar*, speaks in his essay about rediscovering nature with his children around their home during the current travel restrictions. Family Adventures provides inspiration and guidance for vacations long and short; creating memories that last a lifetime.

**The Extraordinary Adventures of Arsene Lupin Gentleman-Burglar** Maurice Leblanc,2008-03-01 Maurice-Marie-Emile Leblanc (1864-1941) was a French novelist and writer of short stories, known primarily as the creator of the fictional gentleman thief and detective Arsene Lupin, often described as a French counterpart to Conan Doyle's creation Sherlock Holmes. The first Arsene Lupin story appeared in a series of short stories serialized in the magazine Je Sais Tout, starting in No. 6, dated 15 July 1905. Clearly created, at editorial request, under the influence of, and in reaction to, the wildly successful Sherlock Holmes stories, the roguish and glamorous Lupin was a surprise success and Leblanc's fame and fortune beckoned. In total, Leblanc went on to write twenty-one Lupin novels or collections of short stories. The character of Lupin might have been based by Leblanc on French anarchist Marius Jacob, whose trial made headlines in March 1905; it is also possible that Leblanc had also read Octave Mirbeau's *Les 21 Jours d'un Neurasthenique* (1901), which features a gentleman thief named Arthur Lebeau. Leblanc also wrote two notable science fiction novels: *Les Trois Yeux* (1919) and *Le Formidable Evnement* (1920).
