Americana Bhu Srinivasan, 2017-09-26 An absorbing and original narrative history of American capitalism NAMED A BEST BOOK OF 2017 BY THE ECONOMIST From the days of the Mayflower and the Virginia Company, America has been a place for people to dream, invent, build, tinker, and bet the farm in pursuit of a better life. *Americana* takes us on a four-hundred-year journey of this spirit of innovation and ambition through a series of Next Big Things -- the inventions, techniques, and industries that drove American history forward: from the telegraph, the railroad, guns, radio, and banking to flight, suburbia, and sneakers, culminating with the Internet and mobile technology at the turn of the twenty-first century. The result is a thrilling alternative history of modern America that reframes events, trends, and people we thought we knew through the prism of the value that, for better or for worse, this nation holds dearest: capitalism. In a winning, accessible style, Bhu Srinivasan boldly takes on four centuries of American enterprise, revealing the unexpected connections that link them. We learn how Andrew Carnegie's early job as a telegraph messenger boy paved the way for his leadership of the steel empire that would make him one of the nation's richest men; how the gunmaker Remington reinvented itself in the postwar years to sell typewriters; how the inner workings of the Mafia mirrored the trend of consolidation and regulation in more traditional business; and how a 1950s infrastructure bill triggered a series of events that produced one of America's most enduring brands: KFC. Reliving the heady early days of Silicon Valley, we are reminded that the start-up is an idea as old as America itself. Entertaining, eye-opening, and sweeping in its reach, *Americana* is an exhilarating new work of narrative history.

Americanah Chimamanda Ngozi Adichie, 2023-04-13 SHORTLISTED FOR THE BAILEY'S WOMEN'S PRIZE FOR FICTION 'A delicious, important novel' The Times 'Alert, alive and gripping' Independent 'Some novels tell a great story and others make you change the way you look at the world. *Americanah* does both.' Guardian As teenagers in a Lagos secondary school, Ifemelu and Obinze fall in love. Their Nigeria is under military dictatorship, and people are fleeing the country if they can. Ifemelu--beautiful, self-assured--departs for America to study. She suffers defeats and triumphs, finds and loses relationships and friendships, all the while feeling the weight of something she never thought of back home: race. Obinze--the quiet, thoughtful son of a professor--had hoped to join her, but post-9/11 America will not let him in, and he plunges into a dangerous, undocumented life in London. Thirteen years later, Obinze is a wealthy man in a newly democratic Nigeria, while

Ifemelu has achieved success as a writer of an eye-opening blog about race in America. But when Ifemelu returns to Nigeria, and she and Obinze reignite their shared passion--for their homeland and for each other--they will face the toughest decisions of their lives. Fearless, gripping, spanning three continents and numerous lives, *Americanah* is a richly told story of love and expectation set in today's globalized world.

Left Americana Paul Le Blanc,2017-03-27 From the Marxist-tinged anarchism of the Haymarket martyrs to the Occupy Wall Street movement, these essays give a vibrant sense of the central role of the Left in social movements and struggles of the past and present, and highlights some of the amazing individuals, whose unstoppable energies generated remarkable transformations. *Left Americana* considers both the limitations and successes of Christian socialists, Communists, Maoists, Trotskyists, and the New Left activists of the sixties and seventies in creating profound social and political change. Paul Le Blanc is a professor of History at La Roche College and author of Choice Award-winning book *A Freedom Budget for All Americans*.

Americana Ray Davies,2013-10-15 The Kinks singer recounts and reflects on his travels in America: “This is no tired rock story but something far more profound, funny, and disturbing.” —The Irish Times As a boy in postwar England, legendary Kinks singer/songwriter Ray Davies fell in love with America—its movies and music, and its culture of freedom, fed his imagination. Then, as part of the British Invasion, he toured the US with the Kinks during one of the most tumultuous eras in recent history—until the Kinks were banned from performing there from 1965-69. Many tours and trips later, while living in New Orleans, he experienced a transformative event: the shooting (a result of a botched robbery) that nearly took his life. In *Americana*, Davies tries to make sense of his long love-hate relationship with the country that both inspired and frustrated him. From his quintessentially English perspective as a Kink, Davies—with candor and humor—takes us on a very personal road trip through his life and storied career as a rock star, and reveals what music, fame, and America really mean to him. Some of the most fascinating characters in recent pop culture make appearances, from the famous to the perhaps even-more-interesting behind-the-scenes players. The book also includes photos from Davies’s own collection and the band’s archive. “The chapters on the New Orleans shooting [are] astonishing, really riveting.” —The New York Post “Davies is candid and honest about his personal and creative struggles.” —The New York Times

Soviet Americana Sergei Zhuk,2018-01-08 The Americanist community played a vital role in the Cold War, as well as in

large part directing the cultural consumption of Soviet society and shaping perceptions of the US. To shed light onto this important, yet under-studied, academic community, Sergei Zhuk here explores the personal histories of prominent Soviet Americanists, considering the myriad cultural influences - from John Wayne's bravado in the film Stagecoach to Miles Davis - that shaped their identities, careers and academic interests. Zhuk's compelling account draws on a wide range of understudied archival documents, periodicals, letters and diaries as well as more than 100 exclusive interviews with prominent Americanists to take the reader from the post-war origins of American studies, via the extremes of the Cold War, thaw and perestroika, to Putin's Russia. Soviet Americana is a comprehensive insight into shifting attitudes towards the US throughout the twentieth century and an essential resource for all Soviet and Cold War historians.

Flax Americana Joshua MacFadyen, 2018-10-10 Farmers feed cities, but starting in the nineteenth century they painted them too. Flax from Canada and the northern United States produced fibre for textiles and linseed oil for paint – critical commodities in a century when wars were fought over fibre and when increased urbanization demanded expanded paint markets. Flax Americana re-examines the changing relationships between farmers, urban consumers, and the land through a narrative of Canada's first and most important industrial crop. Initially a specialty crop grown by Mennonites and other communities on contracts for small-town mill complexes, flax became big business in the late nineteenth century as multinational linseed oil companies quickly displaced rural mills. Flax cultivation spread across the northern plains and prairies, particularly along the edges of dryland settlement, and then into similar ecosystems in South America's Pampas. Joshua MacFadyen's detailed examination of archival records reveals the complexity of a global commodity and its impact on the eastern Great Lakes and northern Great Plains. He demonstrates how international networks of scientists, businesses, and regulators attempted to predict and control the crop's frontier geography, how evolving consumer concerns about product quality and safety shaped the market and its regulations, and how the nature of each region encouraged some forms of business and limited others. The northern flax industry emerged because of border-crossing communities. By following the plant across countries and over time Flax Americana sheds new light on the ways that commodities, frontiers, and industrial capitalism shaped the modern world.

A Catalogue of the Everett D. Graff Collection of Western Americana Newberry Library, 1968-11 The Everett D. Graff Collection of Western Americana consists of some 10,000 books, manuscripts, maps, pamphlets, broadsides, broadsheets, and photographs, of which about half are described in the present catalogue. The Graff Collection displays the remarkable breadth of interest, knowledge, and taste of a great bibliophile and student of Western American history. From this rich collection, now in The Newberry Library, Chicago, its former Curator, Colton Storm, has compiled a discriminating and representative Catalogue of the rarer and more unusual materials. Collectors, bibliographers, librarians, historians, and book dealers specializing in Americana will find the Graff Catalogue an interesting and essential tool. Detailed collations and binding descriptions are cited, and many of the more important works have been annotated by Mr. Graff and Mr. Storm. An extensive index of persons and subjects makes the book useful to the scholar as well as to the collector and dealer. The book is not a bibliography but rather a guide to rare or unique source materials now enriching The Newberry Library's outstanding holdings in American history.
