Numerology Ruth Drayer, 2003 Numerology is the art and science of interpreting how numbers influence our lives and destinies. **Numerology** Hans Decoz, 2001-01-01 For lovers of tarot, astrology, and deepening your connection with yourself and others-- a divine roadmap to numerology Ever notice how some numbers seem to follow us throughout the course of our lives? Consider the numbers we choose when buying a lotto ticket--birth dates, anniversaries, ages, and addresses as well as other hopefully lucky numbers. They each have some personal meaning. Through the centuries, numerologists have been studying the significance of numbers and perfecting their art in the belief that numbers strongly influence both our behavior and our fate. They have learned that by understanding the meaning of numbers, we can gain greater insight into ourselves. In *Numerology: Key to Your Inner Self*, world-renowned numerologist Hans Decoz and accomplished writer Tom Monte have teamed together to produce an easy-to-understand guide that introduces the reader to the basic concepts and applications of numerology. Presented here is a technique that relates the major questions of an individual's life --his talents, challenges, career, and personal growth--with the basic numeric facts of his existence--his birth date and name. The book begins with a fascinating explanation of what numerology is and an intriguing look at the philosophy that lies behind it. It then examines how numerology works, focusing on the numeric meanings of personal names, birth dates, and language in general. Included is a step-by-step guide to calculating your own numbers and interpreting them in chart form.
