**The Action and Adventure Cinema** Yvonne Tasker, 2004-08-19 This exciting collection addresses action and adventure from the silent to the contemporary period exploring diverse questions of aesthetics, industry and ideology. Action has established itself as one of the leading commercial genres of the New Hollywood cinema, generating extensive debate in the process. Contributors consider how action might best be defined, how it has developed historically, and how it works formally. The critical reception and standing of action and adventure cinema is considered in relation to questions of national culture, violence and the 'art' of cinema. Themes explored include genre and definitions; early action, sensation and melodrama; authorship and action; national and transnational action-adventure traditions; action aesthetics; spectacle and narrative; stars and bodies; class; gender; race and ethnicity. Attempting to evaluate the significance of this type of filmmaking for both popular cinema and film studies, the book underlines the central place of action and adventure within film history.

*Code to Greed Encrypted* ,2016-02-29 One of my fantasies in life was to go to Alaska and hunt big game as many other hunters here in Mississippi would like to do. I also dreamed of flying there for a living but it never materialized. I thought to myself, if I ever did go to Alaska what would I like to happen during the trip or what would anyone like to happen if it was them, so I came up with an ultimate fantasy. I used many of my own life's experiences to build the characters of the book and you will find a little of me in each one of them. The rest of the story is still waiting to happen.
