Synonyms and Antonyms C. J. Smith, 2018-03-23 Excerpt from *Synonyms and Antonyms: Collected and Contrasted* If it should be said that, as a word of grammar, it would have the meaning of pronoun, the answer might be that it is not here used as a grammatical term. The names of the grammatical parts of speech have been already made current in English under Latin stamps; and it would be a waste of the resources of our language to employ a word of Greek formation to express over again what is already expressed by the Latin derivative pronoun. Yet the word Antonym seems to be wanted. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
