THIS GUY'S ON HIS OWN TRIP Neeraj Narayanan, 2020-07-30 The fear of the unknown bothers most of us, even if it comes at the cost of chasing our dreams. How many of us want to drop everything that we are doing and travel the world? How many of us do? Neeraj Narayanan just did that, quitting his job one day and flying to Barcelona. Join him on his journey as he takes you rollicking across some countries in Europe and South East Asia, motoring up high mountain passes, hiding in jungles and being part of crazy festivals, hoping to find pretty girls in pursuit but only ending up with furious bulls, bears, and gypsies on his tail. At some point, he has almost no money left but his resolve to build a life out of travel doesn't ebb. This is a witty yet heart-warming tale of one man's solo journey for a year. While he goes to find beautiful places, he ends up finding trust, compassion, and a universe conspiring to make all his dreams come true. This guy's really on his own trip and promises to take you on one too!

The Diary of a Bookseller Shaun Bythell, 2017-09-28 Love, Nina meets Black Books: a wry and hilarious account of life in Scotland's biggest second-hand bookshop and the band of eccentrics and book-obsessives who work there 'The Diary Of A Bookseller is warm (unlike Bythell's freezing-cold shop) and funny, and deserves to become one of those bestsellers that irritate him so much.' (Mail on Sunday) 'Utterly compelling and Bythell has a Bennett-like eye for the amusing eccentricities of ordinary people ... I urge you to buy this book and please, even at the risk of being insulted or moaned at, buy it from a real live bookseller.' (Charlotte Heathcote Sunday Express) Shaun Bythell owns The Bookshop, Wigtown - Scotland's largest second-hand bookshop. It contains 100,000 books, spread over a mile of shelving, with twisting corridors and roaring fires, and all set in a beautiful, rural town by the edge of the sea. A book-lover's paradise? Well, almost ... In these wry and hilarious diaries, Shaun provides an inside look at the trials and tribulations of life in the book trade, from struggles with eccentric customers to wrangles with his own staff, who include the ski-suit-wearing, bin-foraging Nicky. He takes us with him on buying trips to old estates and auction houses, recommends books (both lost classics and new discoveries), introduces us to the thrill of the unexpected find, and evokes the rhythms and charms of small-town life, always with a sharp and sympathetic eye.

The Fall of Five Pittacus Lore,2013-08-27 The fourth book of the #1 New York Times bestselling I Am Number Four series! John Smith—Number Four—thought that things would change once he and Nine reunited with the others. But he was wrong. After facing off with the Mogadorian ruler and almost being killed, the Garde realize they are drastically unprepared. Now they're hiding out in Nine's Chicago penthouse, trying to figure out their next move. Even with the return of an old ally, these superpowered teens aren't strong enough yet to take on an entire army. To defeat their enemy, the Garde must master their Legacies and learn to work together as a team. And when they receive a sign from Number Five—the last missing member of the Garde—they know they are close to all being together finally. But could it be a trap? Time is running out, and the only thing they know for certain is that they have to get to Five before the Mogs do. Michael Bay, director of Transformers, raved: "Number Four is a hero for this generation." This epic young adult series is perfect for fans of action-packed science fiction like The Fifth Wave series by Rick Yancey, The Maze Runner series by James Dashner, and Orson Scott Card's Ender's Game. The battle for Earth's survival wages on. Read the rest of the series: #5: The Revenge of Seven, #6: The Fate of Ten, and #7: United as One. Don't miss the first book in the brand-new I Am Number Four spin-off series: Generation One.

Unfolding Spatial Movements in the Second-Hand Book Market in Kolkata Diti Bhattacharya,2023-12-01 This insightful book unfolds the boipara, exploring the acts of thinking and writing about space and place in the context of recent key conversations at the intersections of cultural geographies, mobilities, materialities and heritage studies. This book

reconsiders how we can think about space, place and spatialisation using the book market as a case study. Focusing on everyday lived and imagined experiences within the space, it provides insights into the intricacies, complexities and mobilities involved in the many ways in which temporal, material, structural and sensorial experiences of spaces are inter-implicated. As expression and method, this work aims to be a writing of space (rather than a writing about space) produced through the interleaving of the author's lived spatial experience of the boipara with the stories, experiences and memories of other regulars who have used and continue to use it, along with the non-human materialities and mobilities that characterise it. This book is essential reading for a wide international audience, particularly those interested in the evolving discussions on mobility, or writing about space and place, materiality, assemblage theory and heritage spaces in the South Asian context.
